Alpan Orthodontics

David Alpan, DDS, MSD

Orthodontics

Dr. Alpan earned his doctor of dental surgery and became licensed to practice dentistry in California and Nevada in 1996. After completing the orthodontic specialty training program in 1998, he received his orthodontic specialty certificate. Dr. Alpan earned his master's of science degree in dentistry and wrote his master's thesis on a TMJ research project. A focus on Dr. Alpan's practice is TMJ therapy to harmonize the teeth, smile, bite, and airway. Dr. Alpan has an inexhaustible passion for practicing orthodontics, as his grandfather and father were both dentists. Dr. Alpan has written many articles and has lectured all over the world about accelerated orthodontics, as all patients are interested in achieving their goals faster. Airway orthodontics has become a large part of his practice, treating adults who already have sleep issues, or children to prevent sleep apnea issues in the future. Dr. Alpan has three locations to serve you: Los Angeles, Century City and Woodland Hills. To learn more about Dr. Alpan and his incredible team go to aeortho.com.
